WORK EXPERIENCE

Teaching Assistant, Student Aide
MASA Teaching Fellows, BINA
Ibn Sina School, HaYarden School For Children of Refugees
Aug 2019 – July 2020, Ramla Israel, Tel Aviv Israel
Worked with English departments, School Counselors and
Psychologists teaching English as a Foreign Language and
providing aide to students with PTSD and other related traumas.

Student Manager
Ritz Sports Zone, RIT
Aug 2015 – May 2019 – Rochester, NY
Train and organize student workers for dining hall work. Multitask
cooking and organization.

CONFERENCE EXPERIENCE

Co-Presenter
Collaborative Worldbuilding for Writing and Worldbuilding
Electronic Literature Organization International Conference
July 2017 – Porto, Portugal, University of Fernando Pessoa
With Dr. Trent Hergenrader, I presented his book Collaborative
Worldbuilding for Writers and Gamers by speaking on my experience
in his class where we worked through the process for worldbuilding
as a part of a team as outlined in his book.

Workshop Host
Collaborative Worldbuilding Card Deck
Electronic Literature Organization International Conference
July 2017 – Porto, Portugal, University of Fernando Pessoa
Guided a group of conference participants through the collaborative
worldbuilding process using a deck of worldbuilding cards. It was a
rapid run through in which they detailed the major social, economic,
and governmental influences on the society they were building, and
how they affected each other. Then created a small cast of
characters to fill out the world. This resembled a small sample of the
process I followed for the class.
